Sarah Sigley  
QLD Volunteer Coordinator  
OzHarvest  
51 Secam Street, Mansfield  
Brisbane, QLD, 4122

Dear Sarah Sigley

I would like to express my heartfelt gratitude for your time and dedication in supervising me during my internship. From the moment I became interested in the role at OzHarvest, I was eager to contribute to and learn from an organization mission and vision.

One of the most positive experiences during my time here was engaging directly with communities to raise awareness about sustainable consumption. This experience has not only deepened my understanding of the practical applications of sustainability but also reinforced my commitment to fostering responsible consumption patterns.

The hands-on experience in promoting sustainable consumption and engaging with diverse communities has enhanced my skills in project management, communication, and advocacy. These skills are crucial for my ambition to lead initiatives that implement circular economy principles and develop sustainable supply chains. This internship has undoubtedly strengthened my professional foundation and fuelled my passion for driving positive environmental and social change.

I would like to extend my deepest appreciation to you and other members of the Brisbane team; Borana farm, Sarah, Riley, Brooke just to name a few. I am happy to remain involved and support the organization with my volunteering efforts.

Warm Regards

Doris Kandagor
